

THE ULTIMATE Double Hung Window

This is the American "traditional" window, as designed by Polaris®. Tough Polaris vinyl and "ultra-welded" corners provide the strength.

Polaris energySMART glass and triple weather-stripping provide the comfort and energy savings. Both the top and bottom sash tilt inside completely which helps to make cleaning a snap.

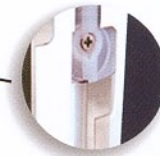

Sash Limit Locks
allow for secure partial ventilation

Heavy Duty Sash Locks
for added security

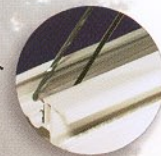

Recessed Tilt Latches
allow sash to tilt in for easy cleaning

3/4" True-Position® Balance System
ensures easy operation and never slips

Over & Under Interlock
prevents air infiltration

energySMART® Glass
for ultimate thermal performance

Welded Corners
for superior strength and performance

Optional Foam-Filled Main Frame
adds strength and insulating performance
